

Northern Virginia Azalea Society Minutes

July 15, 2018

Meeting called to order at 2 pm by President Lars Larson who welcomed all members and guests. Lars has taken over as President since previous President Barbara Kirkwood left for an extended move to Australia.

There will be a plant and cutting exchange today as well as three door prizes.

Kudos to member Fred Newlan who brought in 11 new members.

Our fall plant sale will be held September 29 with set up September 28. Joanne Neckel will coordinate volunteers for this event. Next regular meeting will be October 28 at the church and the December 9 holiday social at the Beck's. Date of executive board meeting to be determined.

Please remember to use the ASA site when making on-line purchases since ASA gets a percentage of your purchases.

Carolyn Beck announced that the Memo of Understanding with Meadowlark has been signed and volunteers will be needed to help with the early October planting for the new azalea garden. There was a suggestion concerning donating plants to Jenkins Arboretum in Pennsylvania----more information later.

Meeting adjourned 2:15 pm.
