Meadowlark Gardens is experiencing personnel changes, and there are no current plans to allow volunteers back into the azalea legacy garden.

The legacy garden at Jenkins Arboretum in Devon, PA is progressing well. An additional 26 azaleas were donated by Paul and Carolyn Beck. Plans are to formally dedicate the Holly Springs Legacy Garden next spring.

Rick reminded members that it's time to renew their memberships. There are several ways to renew---via the Society's website, mail a check or call treasurer Paul Beck.

The speaker for October is master gardener Larry Jones who will present a talk on attracting pollinators to the garden. A plant exchange followed Larry's presentation.
