Dear Carolyn,

On behalf of Jenkins Arboretum & Gardens, I would like to thank you and the Northern Virginia chapter of the Azalea Society of America for the generous donation of evergreen azaleas. In total, there were 97 McDonald or Klimavicz hybrid azaleas (listed below) that will find a home in the Gardens in the coming year. The rhododendron and azalea community is so lucky to have such dedicated plantsmen. Thank you for all of your contributions.

Sincerely,

Steven A. Wright
Director of Horticultlure/Curator
